STATE OF VERMONT
OFFICE OF LEGISLATIVE COUNCIL

NOW HIRING: APPLICATION DEVELOPMENT SPECIALIST

The IT Department of the Office of the Legislative Council is now hiring an application development specialist to work with legislative departments to analyze workflows and business requirements, and design and implement solutions to support those requirements. Developed applications will interact with SQL databases, Microsoft Office 2010, proprietary legislative software, the document management system, the legislative website, and other resources. The application developer will also provide user support if required.

This position is non-partisan, and it is essential that personal political beliefs do not interfere with the quality of service provided.

Salary based upon qualifications and experience. This is a year-round, full-time, exempt position with full State of Vermont benefits.

Proficiency in:
Visual Basic for Applications (VBA for Microsoft Word, Microsoft Access)
T-SQL (Microsoft SQL Server 2008 R2 and MySQL databases)
PHP
Java and JavaScript

The ideal candidate will have proven programming skills and the ability to rapidly learn additional languages and tools.

Application Procedure:
Please submit a resume and a cover letter describing how your education and experience make you well-suited for this position to: *ITApplication@leg.state.vt.us*. Include the subject line: "Application Development Specialist" in your email. The resume and cover letter should be in MS Word or PDF format.
